

We are...

Bullies To The Rescue!

A group of co-workers that came together for a good cause, to support the Southern California Bulldog Rescue (SCBR).

The Southern California Bulldog Rescue provides shelter, re-homing assistance, and funds for medical treatment for over 100 abandoned, mistreated, abused bulldogs each year. SCBR's goal is to rescue bulldogs, rehabilitate them and give them the necessary medical treatment and training to increase their chances of them being adopted by a loving family.

We chose to support this charity to bring awareness to big issues that are not often talked about. Issues such as unhealthy bulldog breeding, inhumane puppy mills, and a very common problem; bulldog owners who give up their dogs because "they have too many health problems" *hmmm you don't say!*

At the same time we want to publicize the fact that there are shelters and many rescue organizations like SCBR where people can adopt not only bulldogs, but all kinds of dogs and other animals. What's better than saving the life of an animal that deserves a loving home? Adopted animals are the most loving creatures in the world.

One way in which we supported the SCBR was by volunteering at the 2018 Tustin Hangar Half Marathon & 5K on behalf of the rescue. While some of the other SCBR volunteers were at finish line passing out flyers in support of the rescue, our team was at mile 9 of the marathon at 6:00am setting up one of 6 water stations for the runners. We were there representing the SCBR & HARBRO loud and proud while we cheered on the runners and kept them hydrated.

Here are some picture of us in action...

Rain or shine we were there until the very last runner crossed that 9 mile mark...

In Addition to volunteering at the half marathon, some of our team members attended various other SCBR events in support of the bulldogs. Here is a picture of Cheyenne's wife Renee and their adorable boy Max, hanging out at the SCBR booth during the Honky Cat Hotel grand opening.

3 4 2018 - Honky Cat Hotel Grand Opening (1)

Navyd, her husband Orlando and their bulldog Benjamin were also at the event supporting SCBR.

Towel Drive

Lastly, the rescue is always in need of towels to keep the bullies, clean warm and comfortable. Therefore, we decided to host a towel drive. We collected new & used towel for a couple months and took those to the SCBR orange location for the dogs that are currently in the kennels.

We all really enjoyed this experience and we hope to continue volunteering with this organization in the future.
