

## HARBRO CARES 2018 Team Challenge

**Team Name:** Team Las Vegas

**Team Leaders:** Erich Schueler, Landon Moore

**Event:** For this year's HARBRO CARES 2018 Team Challenge, the Las Vegas Team has chosen to support the American Red Cross. We voted and chose to support the American Red Cross for their "Sound the Alarm" smoke alarm installation event on Saturday, May 12<sup>th</sup> 2018.

**Event Details:** HARBRO Volunteers were broken up into teams of two one installer and one documenter. These teams were sent out into nearby neighborhoods and went door to door offering homeowners free smoke alarm installations that were donated by First Alert. The installer would be in charge of installing up to three smoke alarms in each home. The documenter was in charge of documenting how many alarms were installed and the locations of each. The documenter was also in charge of educating the home owner on fire safety measures such as escape routes, if a fire were to occur.

Erich Schueler and Landon Moore took on the roll as Block Captains. As Block Captains, Erich and Landon were in charge of 3 – 5 teams. At the beginning of the event, Erich and Landon educated each team on all aspects of the event and organized which neighborhoods each teams should go. After they sent the teams out to their neighborhoods, Erich and Landon drove around and made sure each team was fully stocked with supplies required for the installs.

**Goal:** Our combined teams accomplished our pre event goal of installing more than 80 smoke alarms. Our teams were able to successfully install just over 85 smoke alarms and also helped educate many homeowners in the Las Vegas area about fire safety.

**Donation:** Team Las Vegas made a donation of \$4000 to the American Red Cross of Southern Nevada. Two Thousand from HARBRO Care and a matched donation from the Harold Brown Foundation.
